How to Use Peddlers. The next time that a traveling peddler calls at your door and tries to sell goods ask him if he will take your butter, eggs and other farm products; ask him if, when your neighbor gets ready to build a road bridge over a slough, he would willingly donate a few dollars to help it along. Tell him there is a poor family down the road who would be very thankful if he would donate a few provisions; ask him if prise just started. If he agrees to all of these then patronize him.
